

RACE Questionnaire

1. How was race explained to you as a child? Was it explained to you at all?
2. What messages did your parents communicate to you about race issues?
3. How does this differ from the way you communicate about race with your children?
4. What are your most basic fears about race?
5. How important is race to your sense of self?
6. In what ways do you organize your identity and resources around race? Do you consider race when you choose where to live, shop or send your children to school?
7. Should whites in American think of themselves as a race?
